

Competence You Can Evidence Compliance You Can Trust

Board-ready training for safety-critical roles, delivered through two structured pathways.

Triple A Solutions provides structured, role-based training that gives your board defensible evidence of staff competence, aligned to the Fire Safety Order, the Building Safety Act, and new regulatory expectations for social landlords.

Delivered by an IFSM Approved Training Centre. CPD hours awarded through the IFSM and IFE.

Two Ways to Access Training

- Annual Pass: unlimited access to all core and additional learning across both pathways for one annual fee
- Individual Courses: book single modules where only specific roles or one-off needs apply

Why Your Board Should Care

Attendance certificates do not stand up to regulatory scrutiny. Our framework moves organisations from attendance to evidence of competence.

Why Organisations Choose This Framework

- Moves from attendance to evidence of competence
- Aligns strategy, governance, and delivery
- Supports regulatory scrutiny and assurance
- Builds defensible compliance across safety-critical roles

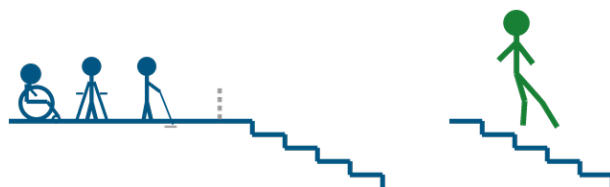

Built for Audit-Ready Evidence

Every course includes:

- Fillable compliance templates
- Resource library: legislation, British Standards, guidance
- CPD-certified learning
- Structured outcomes your board can report on

Compliance Benefits

- Stronger, defensible decision-making
- Consistent organisation-wide compliance
- Structured evidence of governance and oversight

Without a PEEP, evacuation isn't equal.

Two Clear Pathways

One framework, two levels of assurance, from board to frontline.

Pathway 1: Strategic & Compliance Leadership

For senior leaders, accountable persons, and governance roles.

10 hours core learning, plus 6.5 hours optional additional learning, included in the annual pass.

- PEEPs for Professionals (Foundation) – 7h: legal duties, regulatory landscape, compliant PEEPs/PcFRAs
- Strategic Planning – 2h: organisational strategy, assurance, governance
- Building Safety: The New Era – 2h: Building Safety Act and Safety Case frameworks
- Awaab's Law & PcFRAs – 1.5h: enforceable timeframes for social landlords

Pathway 2: Operational & Practical Delivery

For frontline staff completing PEEPs, PcFRAs, and evacuation planning.

11 hours core learning, plus 1.5 hours optional additional learning, included in the annual pass.

- Practical PEEPs – 4h: risk-based evacuation planning
- PEEPs & Neurodiversity – 2h: inclusive planning for neurodivergent residents
- PEEPs & Specialised Housing – 2h: evacuation strategy for supported and complex housing
- Person-Centred Fire Risk Assessments (PcFRAs) – 3h: person-centred fire risk assessment
- Awaab's Law & PcFRAs – 1.5h: enforceable timeframes for social landlords

Both pathways produce audit-ready evidence for regulator and board scrutiny.
