

Triple A Solutions delivers structured, role-based training that gives your board defensible evidence of staff competence, aligned to the Fire Safety Order, the Building Safety Act, and new regulatory expectations for social landlords.

Delivered by an IFSM Approved Training Centre. CPD hours awarded through the IFE and IFSM.

Why Your Board Should Care

Attendance certificates do not stand up to regulatory scrutiny. Our framework moves organisations from attendance to evidence of competence.

Why Organisations Choose This Framework

- Moves from attendance to evidence of competence
- Aligns strategy, governance, and delivery
- Supports regulatory scrutiny and assurance
- Builds defensible compliance across safety-critical roles

Built for Audit-Ready Evidence

Every course includes:

- Fillable compliance templates
- Resource library: legislation, British Standards, guidance
- CPD-certified learning
- Structured outcomes your board can report on

Compliance Benefits

- Stronger, defensible decision-making
- Consistent organisation-wide compliance
- Structured evidence of governance and oversight

What the IFE and IFSM Say

"The reviewer highlighted the professional presentation, clear structure, relevant and up-to-date content, strong supporting resources, SMART objectives, qualified trainers, effective learner feedback mechanisms, and learning outcomes that fully meet the course objectives."

- Institution of Fire Engineers assessor, on PEEPs for Professionals (Foundation)

"A solid course; very well structured with clear aims and objectives for the modules. The delivery style ensured a quick moving pace; the mini assessments allowed for quick checks on progress throughout. The pace was good. A lot of flexibility here. The technical information delivered is done so logically and in an interesting way. The course passes all checks and accreditation can be issued."

- Institute of Fire Safety Managers (IFSM) reviewer, on PEEPs for Professionals (Foundation)

Approved Training Centre

Two Clear Pathways

One framework, two levels of assurance, from board to frontline.

Pathway 1: Strategic & Compliance Leadership

For senior leaders, accountable persons, and governance roles.

11 hours total learning, included in the annual pass.

- PEEPs for Professionals (Foundation) – 7h: legal duties, regulatory landscape, compliant PEEPs/PcFRAs
- Building Safety: The New Era – 2h: Building Safety Act and Safety Case frameworks (bundled with the Foundation Course; not sold separately)
- Strategic Planning – 2h: organisational strategy, assurance, governance

Pathway 2: Operational & Practical Delivery

For frontline staff and building managers completing PEEPs, PcFRAs, and inclusive fire safety planning.

Up to 15.5 hours across 7 courses, included in the annual pass.*

- Person-Centred Fire Risk Assessments (PcFRAs) – 3h: person-centred fire risk assessment
- Awaab's Law & PcFRAs – 1.5h: enforceable timeframes for social landlords
- Practical PEEPs – 4h: risk-based evacuation planning
- PEEPs & Neurodiversity – 2h: inclusive planning for neurodivergent residents (supplementary to Practical PEEPs)
- PEEPs & Specialised Housing – 2h: evacuation strategy for supported and complex housing (supplementary to Practical PEEPs and Neurodiversity)
- Designing Inclusive Fire Safety – 3h: for renovation projects not yet covered by Foundation/Building Safety training
- Implementing Inclusive Fire Safety – 2h: for renovation projects where that training is already complete

**Designing and Implementing Inclusive Fire Safety are alternative entry points depending on prior completion of the Foundation and Building Safety courses; typically only one applies per learner.*

Both pathways produce audit-ready evidence for regulator and board scrutiny.

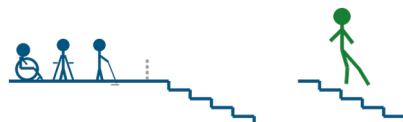

Two Ways to Access Training

- Annual Pass: unlimited access to all core and additional learning across both pathways for one annual fee
- Individual Courses: book them individually where only specific roles or one-off needs apply

Without a PEEP, evacuation isn't equal.

Which Course Does Each Role Need?

Helping your organisation match each member of staff to the right training pathway.

Pathway 1

Strategic & Compliance Leadership

For senior leaders, accountable persons, and governance roles.

11 hours total learning, included in the annual pass.

Target Roles	Course	CPD
Responsible Persons, Inspecting Officers, Accountable Persons, Fire Safety Managers, Senior Building Managers, Fire Professionals, Fire Risk Assessors and those advising Board Members and Directors	PEEPs for Professionals – Foundation Course	IFE & IFSM 7 hours
Persons responsible for setting the emergency planning strategy, policies and procedures for vulnerable and disabled people, and for those developing safety case reports for post-occupancy	Strategic Planning Course	IFE & IFSM 2 hours
Building managers and those responsible for higher-risk buildings registered with the Building Safety Regulator	Building Safety: The New Era Course (provided with the Foundation Course; not sold separately)	IFE & IFSM 2 hours

Why Organisations Choose This Framework

- Moves from attendance to evidence of competence
- Aligns strategy, governance, and delivery
- Supports regulatory scrutiny and assurance
- Builds defensible compliance across safety-critical roles

Built for Audit-Ready Evidence

Every course includes:

- Fillable compliance templates
- Resource library: legislation, British Standards, guidance
- CPD-certified learning
- Structured outcomes your board can report on

Accredited and Recognised By

Pathway 2

Operational & Practical Delivery

For frontline staff and building managers completing PEEP, PcFRAs, and inclusive fire safety planning.

Up to 15.5 hours across 7 courses, included in the annual pass.*

Target Roles	Course	CPD
Building managers and those incurring responsibility for preparing and delivering PcFRAs	Person-Centred Fire Risk Assessments Course (excludes PEEP development)	IFE & IFSM 3 hours
Building managers and those preparing and developing PcFRAs for social housing tenants in any property subject to the Housing – Health & Safety Rating System and regulated by the Regulator of Social Housing	Awaab's Law & PcFRAs Course (fire and electrical emergency hazards)	IFSM 1.5 hours
Building managers and those preparing and developing PEEP and Emergency Evacuation Statements. PEEPs & Neurodiversity is a supplementary course to Practical PEEPs	Practical PEEPs / PEEPs & Neurodiversity Courses	IFE & IFSM 4h + 2h
Building managers developing PEEPs for residents in independent living, sheltered housing and care homes	PEEPs & Specialised Housing (supplementary to Practical PEEPs and Neurodiversity)	IFE & IFSM 2 hours
Persons involved in renovations who have not completed the Foundation and Building Safety courses	Designing Inclusive Fire Safety Course	IFSM 3 hours
Persons involved in renovations who have completed the Foundation and Building Safety courses	Implementing Inclusive Fire Safety Course	IFSM 2 hours

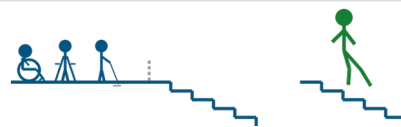

*Designing and Implementing Inclusive Fire Safety are alternative entry points depending on prior completion of the Foundation and Building Safety courses; typically only one applies per learner.

Both pathways produce audit-ready evidence for regulator and board scrutiny.

START BUILDING EVIDENCE OF COMPETENCE

team@3asolutions.tech

Without a PEEP, evacuation isn't equal.

Article 21 of the Fire Safety Order 2005 requires the Responsible Person to ensure staff receive adequate safety training — when first employed, and whenever they're exposed to new or increased risk. Every course and pathway below meets that duty and gives you evidence of it.

Booking Individual Courses

Book single courses through our website when only specific roles or one-off needs apply.

- Browse the full course list at 3asolutions.tech/trainingcourses.
- Or browse by pathway at 3asolutions.tech/training-pathways.
- Add the courses you need to your basket and check out securely online.
- Courses cover PEEPs for Professionals, Practical PEEPs, PcFRAs, Strategic Planning, Building Safety, and more.
- Each purchase includes downloadable course notes, CPD certification awarded by the IFSM and IFE, and the fillable compliance templates for that course — not an Annual Pass exclusive.

Best suited to a single role, a one-off requirement, or trying a course before committing further.

Better Value: The Annual Pass

12 months of unlimited access to all current and future courses.

- Unlimited access to every current course, plus new courses as they're released, with ongoing regulatory updates included.
- Training analytics let you manage course assignments and monitor every staff member's progress in one place.
- Becomes better value than paying per course as soon as more than a handful of learners or courses are involved, with volume discounts available for teams of 10 or more.
- As courses and guidance are updated, your Annual Pass gives you evidence of ongoing training and development.
- This supports the competency requirements of the Regulator of Social Housing's incoming Competence and Conduct Standard.

Group Training & Custom Proposals

For organisations with multiple learners, we build a proposal around your team.

- Staff logins let you deliver these online courses directly to your staff, who each have their own login to the training.
- Training progress monitoring — track how each staff member is getting on.
- Resource library and additional CPD to expand industry expertise beyond the core course.
- Custom proposals available for larger teams or multi-site organisations.

Contact us for pricing and to discuss what an Annual Pass or custom proposal would look like for your organisation.
